

Instructions for connecting to the VPN from a Rockhurst owned computer.

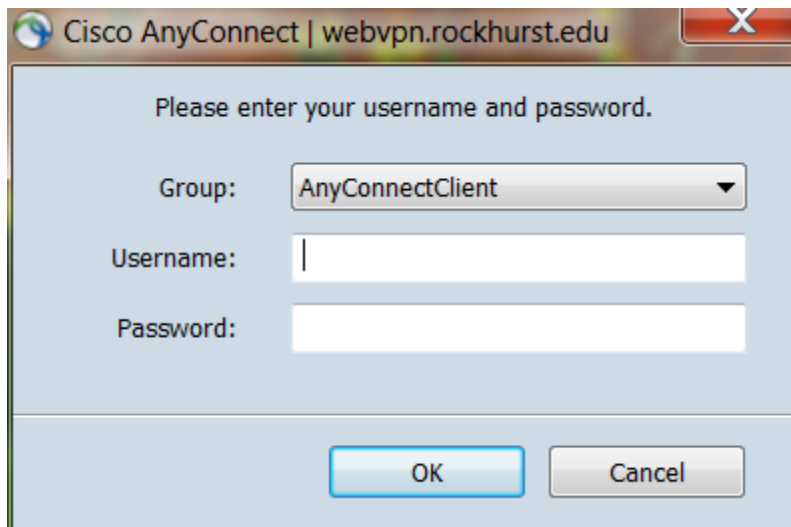

Make sure you have a connection to the internet. Verify you can browse to the internet. (Try going to www.google.com)

Once you have verified you are on the internet, go to Start -> Programs -> Cisco -> Cisco AnyConnect Secure Mobility Client.

Enter webvpn.rockhurst.edu into the field.

Enter your Rockhurst Network username and password and click ok.

You will also have the following icon in the taskbar tray next to the time in the bottom right corner of the screen.

You now have Full VPN access and you can use your computer as if you were on campus. To disconnect from the VPN you will need to right click the AnyConnect icon and choose Disconnect.
